**(End of Amendment)**

### **REASONS FOR ALLOWANCE**

4. Claims 1-7, and 10-12 are allowed over the prior art of record.

5. The following is an examiner's statement of reasons for allowance:

The applicant's Remarks, filed on 10/1/2005, have been carefully reviewed with update search. Consequently, reasons for allowance of claims 1-7, and 10-12 are set forth in according to the applicant's remarks stated on pages 4-5.

Regarding claims 1 and 11, the prior art made of record fails to clearly teach or fairly suggest, the logical consequent steps of a method of manufacturing and a mobile telecommunication device comprising a case, an earpiece, and a cover associated with the earpiece to define a resonant cavity between the earpiece and the case, wherein the casing is interchangeable with at least one other casing, each casing having a plurality of apertures therein for the external transmission of sound from the device, at least one of a number and arrangement of apertures in each casing being different and the resonant cavity and the acoustic path being configured so that an acoustic response of the earpiece remains substantially the same irrespective of which casing is attached to the device, in combination with other limitations, as specified in the independent claims 1 and 11, and further limitations of their respective dependent claims 2-7, 10, and 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
